

# New Jersey Legislative District 19

New Jersey Legislative District 19 had a total of **29,950** people living in “hard-to-count” (HTC) census tracts—or areas where a low percentage of residents completed and returned their most recent census questionnaire. This number equates to a total of **13%** of the district’s total population.

Total population	229,765
Population living in HTC areas	29,950
Percentage living in HTC areas	13%

## Hardest to Count (HTC)

Tracts with 2010 mail return rates of 73% or less (in the bottom 20 percent of return rates nationwide) are shaded on the map. Tracts with >73% return rate are not displayed.

The Census has low response rates in some areas and among certain population groups, who are at risk of being undercounted. Some of these hard-to-count population groups include certain racial and ethnic minority groups and children under age 5. For example, of all children under age 5 living in Legislative District 19, **18%** lived in areas at greatest risk of undercount.

## ● Demographic Groups Living in Hard-to-Count Areas

Demographic Group	Number Living in HTC Areas	Percentage Living in HTC Areas
Black or African American	6,878	25%
Hispanic or Latinx	3,560	5%
Asian	7,988	21%
Children Under Age 5	2,762	18%

Some parts of New Jersey have a greater proportion of hard-to-count census areas than others. The chart below shows the municipalities in District 19 with at least one hard-to-count census tract.

## ● Municipalities with at Least One Hard-to-Count Area (Total Population ≥ 5,000)

Municipality	HTC Population	% Total Population Living in HTC Areas	% Black or African American Living in HTC Areas*	% Hispanic or Latinx Living in HTC Areas*	% Asian Living in HTC Areas*	% Children Under Age 5 Living in HTC Areas*
Woodbridge	19,408	20%	35%	15%	28%	29%
South Amboy	5,491	63%	72%	53%	49%	79%
Sayreville	5,051	11%	37%	11%	12%	14%

\*Hard-to-count demographic sub-group populations out of total sub-group populations.
